

# The Energy Assessment Screening for Your Home

**Want to save money on your utility bills?  
It's EASY.**

EASY provides a FREE energy assessment which will identify opportunities to reduce your energy usage and costs.

With the energy assessment, you'll receive:

- An introduction to the whole house approach to improve your home's performance
- Information about local rebate and incentives offered through utility companies
- Information about financing programs for energy projects
- A customized report with home efficiency project recommendations

All you'll need to provide is a 12-month history of your utility bills! Schedule your free assessment today at [sgvenergywise.org/EASY](http://sgvenergywise.org/EASY)

Participation in the home assessment is voluntary and you must be a resident in the San Gabriel Valley. EASY is a program of the San Gabriel Valley Council of Governments, and assessments will be conducted by members of CivicSpark, a program of the Local Government Commission.

Funded by Southern California Edison Company's Local Government Strategic Plan Strategies Program for the 2013-2014 Program Period under the auspices of the California Public Utilities Commission.
