Section 7. Chapter 3 of Article III of the Bradbury Municipal Code is repealed in its entirety, and a new Chapter 3 is hereby enacted to read as follows:

CHAPTER 3 B FIRE CODE

3400. Adoption of Fire Code. Except as hereinafter provided in this Chapter, Title 32, Fire Code, of the Los Angeles County Code, as adopted by the Los Angeles County Board of Supervisors on November 30, 2010, adopting the California Fire Code, 2010 Edition (Part 9 of Title 24 of the California Code of Regulations), is hereby adopted by reference and shall constitute and may be cited as the Fire Code of the City of Bradbury.

In the event of any conflict between provisions of the California Fire Code, 2010 Edition, Title 32 of the Los Angeles County Code, or any amendment to the Fire Code contained in the Bradbury Municipal Code, the provision contained in the later listed document shall control.

A copy of Title 32 of the Los Angeles County Code, along with a copy of the California Fire Code, 2010 Edition, has been deposited in the office of the City Clerk of the City of Bradbury and shall be at all times maintained by the Clerk for use and examination by the public.

3401. Interpretation. Whenever in said Fire Code of the County Los Angeles reference is made to the unincorporated territory of the County of Los Angeles, or similar phrases refer to said unincorporated territory, these references and phrases shall be construed to refer to the incorporated territory of the City of Bradbury.

3402. Continuation of Permits. Any permit heretofore issued by the County of Los Angeles, pursuant to the Fire Code of said County, and affecting or relating to things to be done within the City of Bradbury, shall remain in full force and effect, according to its terms.

3403. Declaration of Fire Hazard. The City of Bradbury, by reason of its location in the foothills, the density of growth, both wild and cultivated, the character and nature of the activities carried on within the City and the limited water facilities within the area, is readily subject to brush fires and other types of uncontrolled conflagrations dangerous to life and property. In order to protect against such danger as much as possible, it is necessary that accumulations of waste paper, hay, grass, straw, weeds, not be permitted to remain in any building or on any premises, yard, vacant lot, lot or open space B all weeds, grass, vines or other growth within a distance of thirty (30) feet of any building, or improvement, when the same endangers property or is liable to combust, shall be cut down and/or removed by the owner or occupant of the property. Further, in order to protect against such danger of brush fires or uncontrolled conflagrations dangerous to life and property any flammable vegetation,

flammable rubbish, trash or refuse shall be cleared away from fences or other combustible structures, patios, terraces, porches, swimming pool areas and the like where people tend to congregate, and from public and private roadways within the City, and such regulations as are hereinafter set forth in Sections 3404, 3405 and 3406 are necessary for the preservation of the peace, health, safety and general welfare of the citizens of Bradbury.

3404. Nuisances Declared. No person shall, and it is declared a nuisance for any person to:

1. Allow or permit the accumulations of waste paper, hay, grass, straw, weeds, litter or combustible or flammable waste or house demolition debris or rubbish of any kind to remain in any building or on any premises, yard, vacant lot or open space.

2. Allow or permit flammable vegetation to grow, remain or collect, or to allow or permit flammable rubbish, trash or refuse to be, remain or collect within:

(a) Ten (10) feet from any fence constructed of combustible material.

(b) Thirty (30) feet from any structure other than a fence, lanai, patio, terrace, porch, or swimming pool; provided that the Fire Chief may require such clearance to be as great as 200 feet where such clearance is found by him to be necessary to the public safety.

(c) Fifteen (15) feet from any public or private thoroughfare, road (except any private road regularly and continuously closed from use by barricade, gate or other similar means), trail, or right-of-way, including any private driveway, which clearance shall otherwise conform with all requirements of the Los Angeles County Fire Code.

(d) Thirty (30) feet from the centerline of the traveled portion of any vehicular easement serving two or more properties under separate ownership.

No person shall, and it is hereby declared a nuisance for any person to, permit any flammable vegetation to grow, remain, or collect upon any vertical embankment abutting a public road or private vehicular easement serving two or more properties under separate ownership within fifteen (15) feet of the existing road bed and, in the event there is such a vertical embankment, abutting any public road or such private vehicular easement, which embankment is in excess of ten (10) feet in height, then the provisions of subparagraphs (c) and (d) shall not be applicable.

No person shall, and it hereby is declared a nuisance for any person to, permit or allow any tree limb or branch to remain or extend over a public roadway, or such private vehicular easement if such limb or branch is less than ten (10) feet above such roadbed.

No Person shall, and it is hereby declared a nuisance for any person to, permit or allow any building to remain on any lot or parcel of ground (however legally described) in violation of Section 9300 of the Title 32 Los Angeles County Fire Code.

3405. Notice to Correct. In the event any of the conditions prohibited by Section 3404 exist, the City Council, by Resolution, may instruct the Street Superintendent or

other designee to give notice to the owner of the property upon which such condition exists, to correct such prohibited condition, and if the owner fails to correct such condition, the City may cause the same to be done and make the expense of such correction a lien upon the property upon which such condition exists.

3406. Procedure. The notice provided for in Section 3405 for correcting the condition, the manner of assessing the cost for doing the work, the method of imposing the lien and enforcing the lien and the collection of the cost of doing the work in the event it is done by the City, and all procedures in connection therewith, shall be as provided in Chapter 13 of Part 2, Division 3, Title 4 of the Government Code of the State of California, or otherwise as provided by law.

3407. Enforcement. The City Council hereby delegates authority to enforce the Fire Code, including the more restrictive building standards contained in the Fire Code, to the District Fire Chief, pursuant to Health and Safety Code section 13869.7,

34087. Fire Zone No. 4.

1. There is hereby established in the City of Bradbury a Fire Zone No. 4 which shall be subject to the restrictions set forth in Section 6403 of the Title Los Angeles County Building Code, adopted by the City of Bradbury in Section 8100 of the Bradbury Municipal Code.

2. The boundaries of Fire Zone No. 4 are described as set forth in Exhibit AA of this Section attached to Ordinance number 300 and made a part hereof.

34098. Penalties.

(a) Every person who violates any of the provisions of this Chapter is guilty of a misdemeanor, and each such person shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provisions of this Chapter is committed, continued or permitted, and upon conviction shall be punishable by a fine not exceeding one thousand dollars (\$1,000), or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

(b) Notwithstanding the foregoing, the prosecutor, in his or her sound discretion, may prosecute a violation of this Chapter as an infraction, rather than as a misdemeanor. The prosecutor may also reduce or agree to the reduction of a previously filed misdemeanor to an infraction. Every person, firm, partnership, association, or corporation convicted of an infraction for violation of any provision of these sections shall be punished by a fine not exceeding \$100 for a first violation, a fine not exceeding \$200 for a second violation of the same section within a year and a fine not exceeding \$500 for each additional violation of the same section within one year. A fourth violation within one year shall constitute a misdemeanor. Each day such violation continues may be regarded as a new and separate offense.

(c) Notwithstanding anything contained in this Chapter, any violation may be pursued by means of an administrative citation, in accordance with Article 1, Chapter 5 of the Bradbury Municipal Code.

Section 8. Chapter 2 of Article V of the Bradbury Municipal Code is repealed in its entirety, and a new Chapter 2 is hereby enacted to read as follows:

CHAPTER 2 B GENERAL SANITATION

5200. Adoption of Public Health Code. The following chapters of the Public Health Code of the County of Los Angeles, initially adopted as Ordinance Number 7583, as amended and adopted by the Los Angeles County Board of Supervisors through January 18, 2011, are hereby adopted as the Public Health Code of the City of Bradbury, hereafter referred to as the Health Code: 11.02, 11.04, 11.06, 11.08, 11.10, 11.12, 11.14, 11.16, 11.18, 11.20, 11.22, 11.24, 11.26, 11.28, 11.30, 11.32, 11.34 and 11.38.

5201. Definitions. Whenever said Health Code uses the following words or phrases, they, respectively, shall be deemed to have the following meanings:

1. The term "Health Officer" shall be deemed to refer to the Health Officer of the City of Bradbury, or such other public body, officer or official employed, authorized or designated to enforce the Health Laws and City Health Ordinance in the City of Bradbury;
2. The term "County of Los Angeles or the unincorporated area of said county" shall be deemed to include in its true geographical location the area of the City of Bradbury;
3. The term "Board of Supervisors" shall be deemed to refer to the City Council of the City of Bradbury.

5202. Three (3) copies of said Health Code have been deposited with the City Clerk, and shall be at all times maintained by said Clerk for use of and examination by the public.

5203. Penalty.

(a) Every person who violates any of the provisions of this Chapter is guilty of a misdemeanor, and each such person shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provisions of this Chapter is committed, continued or permitted, and upon conviction shall be punishable by a fine not exceeding one thousand dollars (\$1,000), or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

(b) Notwithstanding the foregoing, the prosecutor, in his or her sound discretion, may prosecute a violation of this Chapter as an infraction, rather than as a misdemeanor. The prosecutor may also reduce or agree to the reduction of a previously filed misdemeanor to an infraction. Every person, firm, partnership, association, or corporation convicted of an infraction for violation of any provision of these sections shall be punished by a fine not exceeding \$100 for a first violation, a fine not exceeding \$200 for a second violation of the same section within a year and a fine not exceeding \$500 for each additional violation of the same section within one year. A fourth violation within one year shall constitute a misdemeanor. Each day such violation continues may be regarded as a new and separate offense.

(c) Notwithstanding anything contained in this Chapter, any violation may be pursued by means of an administrative citation, in accordance with Article 1, Chapter 5 of the Bradbury Municipal Code.

Section 9. The City Council hereby finds that changes and modifications to the California Building Codes and Fire Codes that have been enacted by this Ordinance are merely a continuation of similar changes and modifications made to earlier editions of such uniform codes, and all of such changes and modifications, whether previously enacted or enacted in this Ordinance, are reasonably necessary because of local climatic, geologic, and topographic conditions. In particular, the modifications to this code are reasonably necessary because of the local climate which is characterized by hot, dry summers, followed by strong Santa Ana winds and heavy winter rains which make structures particularly vulnerable to rapidly spreading, wind-driven fires and earth movement. Furthermore, the City is located near and over historic and active earthquake faults which require that special safety precautions be taken. Much of the City is located among steeply sloping, hilly areas which can create hazardous building conditions. Finally, the City=s zoning ordinances and General Plan promote the preservation of natural shrubbery in addition to a great deal of landscaping. Canyon fires and other brush fires are a frequent and natural part of the Southern California ecosystem. Structures located in the City require additional protection against ignition from flying embers.

The City Council further finds that the modifications to the State Building Code in Title 26 of the Los Angeles County Code are reasonably necessary because of the local climatic, geological, and topographical conditions indicated in Exhibit A@ to ordinance number 300, which is incorporated herein by this reference.

The City Council further finds that the modifications to the State Plumbing Code in Title 28 of the Los Angeles County Code are reasonably necessary because of the local climatic and topographical conditions indicated in Exhibit B@ to ordinance number 300, which is incorporated herein by this reference.

The City Council further finds that the modifications to the State Building, Electrical, Mechanical, Plumbing, Green Building Standards and Residential Codes in Title 26, 27, 28, 29, 30 and 31 of the Los Angeles County Code regarding administrative provisions are necessary to allow the uniform application of the codes by procedures suited to the size and nature of the City=s staff and administrative agencies by means suited to the City=s experience with local climatic, geological, and topographical conditions and to provide sufficient staff support for the time-consuming inspections and analysis required by the City=s fire and geological hazards.

The City Council further finds that the more restrictive building standards contained in Title 32, Fire Code, of the Los Angeles County Code are reasonably necessary due to local climatic, geological, or topographical conditions in the City and adopts by reference the specific findings made in section 166 of the Ordinance adopted by the Board of Supervisors regarding these local conditions, which is hereby incorporated by reference.

Accordingly, the Council finds the modifications in this Ordinance to the California Building Code, Electrical Code, Mechanical Code, Plumbing, Fire Code, Green Building

Standards Code, Residential Code and Health Code to be necessary for the protection of the public health, safety, and welfare.

Section 10. Instructs the City Clerk to send a copy of this resolution to the California Department of Housing and Community Development, Division of Codes and Standards, 1803 3rd Street, Room 260, Sacramento, California 95811 and a copy to the Consolidated Fire Protection District of Los Angeles County, Attn: Chief Roy Dull, Fire Marshall, 5823 Rickenbacker Road, Commerce, California 90040.

Section 11. To the extent the provisions of this Ordinance are substantially the same as previous provisions of the Bradbury Municipal Code, these provisions shall be construed as continuations of those provisions and not as new enactments.

Section 12. This Ordinance shall take effect thirty days after adoption and shall apply to all projects submitted for plan check on or after that date.

Section 13. Upon the effective date of this Ordinance, Ordinance Nos. 300U and 318U shall be deemed repealed and of no further force or effect.

Section 14. The City Council hereby declares that, should any provision, section, paragraph, sentence or words of this Ordinance or the Codes adopted hereby be rendered or declared invalid by any final court action in a court of competent jurisdiction, or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences, and words of this Ordinance and the Codes adopted hereby shall remain in full force and effect.

PASSED, APPROVED, AND ADOPTED this ____ day of _____, 2011.
